MEMORANDUM

From: Commanding General  
To: President, Naval Postgraduate School, 1 University  
Circle, Monterey, California 93943  
Subj: CO-SPONSORSHIP OF MODELING, VIRTUAL ENVIRONMENTS AND  
SIMULATION DEGREE PROGRAM AT NAVAL POSTGRADUATE SCHOOL

1. The Naval Postgraduate School's Modeling, Virtual Environments and Simulation (MOVES) Institute has been instrumental in providing Marine Corps Modeling and Simulation (M&S) officers the ability to support our warfighters. Marines who graduate from the MOVES Institute obtain the necessary skills and education needed to deliver M&S solutions to help resolve a variety of complex problems.

2. In conjunction with the Naval Modeling and Simulation Office, I will co-sponsor the MOVES degree program. The Marine Corps Modeling and Simulation Management Office (MCMSMO) will act as my representative in all matters concerning MOVES Institute and the degree program.

3. The point of contact for this memorandum is Mr. Brett Telford, MCMSMO, at [brett.telford@usmc.mil](mailto:brett.telford@usmc.mil) or 703-784-0432.

  
M. G. SPIESE
